SURFACE FINISHES

WOOD VENEERS • HARDWOOD EDGES

General Info

Veneer tops and hardwood edges are available in all flat cut species.

Top surfaces are book matched Architectural Grade A Veneers; lesser quality veneers are bonded to underside of tops for balance. Top finish is semi-open, medium sheen, clear catalyzed lacquer.

Refer to VENEER BROCHURE for standard finishes.

Custom Stains and Veneers

Custom stain charge is \$350.00 NET for set-up and \$50.00 NET per unit.

Premium veneers such as Sycamore, Anigre, Bird's Eye Maple and Curly Maple are available at an upcharge.

Maintenance

Clean with mild soap and water. Wipe dry with pattern direction. Do not use abrasive cleaners or wax.

PLASTIC LAMINATES

General Info

High pressure plastic laminates in solids, patterns and woodgrains from Formica, Wilsonart, Nevamar and Pionite are available in matte finishes and represent our standard list prices. Premium priced laminates within these lines are subject to an upcharge. For these or laminates from other manufacturers such as Laminart or Abet, upcharge will apply.

Laminate tops with COLORA or wood edge feature an 1/8" dia. COLORA Inlay.

Pionite 800 746-6483 Std=all "- Suede" laminates.

Nevamar 800 638-4380 Std=all "- T" laminates.

Wilsonart 800 433-3222 Std=all "- 60" laminates.

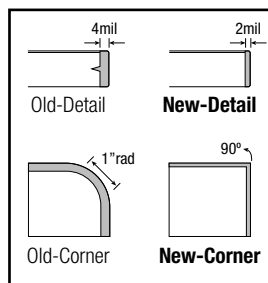

Formica 800 FORMICA Std=all "- 58" laminates.

Vinyl Edge

Flat Vinyl edges are available in 15 standard colors. Custom color charge is \$665.00 NET. and minimum 2,500 LF order.

EFFECTIVE FEBRUARY 1, 2015
VINYL EDGE PROFILE CHANGE:

Old style may be ordered at same price until inventory is depleted. Upcharges will then apply.

COLORA

General Info

COLORA is a textured polyurethane material applied to MDF board in two steps.

Although highly durable, COLORA surfaces are not as hard as laminates. It is applied to table tops, edges, bases and cabinets. COLORA is available in 15 standard colors. Custom color charge is \$350.00 NET per color mix.

Maintenance

Clean with mild soap and water. Do not use abrasive cleaners or wax.

STONE

General Info

Standard marble and granite varieties are shown in the STONE BROCHURE.

Prismatique will make available most stones specified by customer, often at no upcharge. Stone surfaces vary greatly in color, texture, pattern and quality. Marble in particular is seldom free of fine cracks or other imperfections. All stone surfaces have natural polish. All stone tops are supplied with black painted plywood subtops.

Maintenance

Clean with mild soap and water. Do not use abrasive cleaners. Regular waxing of marble (only) surfaces is recommended.

GLASS

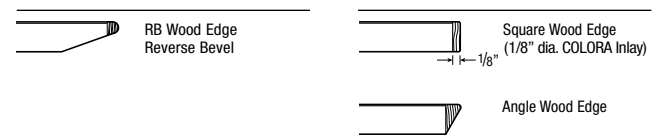

General Info

Light scratches, waves or tiny bubbles are inherent to glass fabrication and to be expected. Vidro Painted Back Glass tops offer simple color (all standard 15 color colors) in Clear (CL) and Matte/Etched (MA) or ceramic frit printed (Vidro Art). Custom color charge is \$670.00 NET per color.

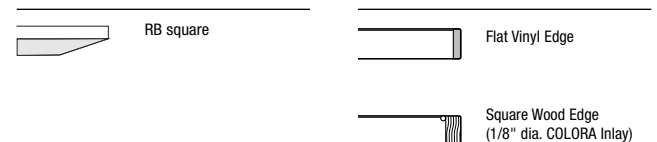

Maintenance Clean with commercial glass cleaner only.

TOP-EDGE CONFIGURATIONS

VENEER TOPS are 1" thick (3/4" Parsons) medium or high density particleboard core edged with hardwood or COLORA colors.

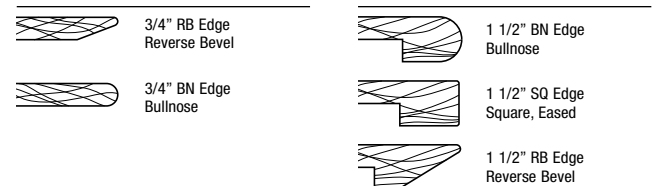

LAMINATE TOPS are 1" thick (3/4" for Whitby and Parsons) medium or high density particleboard core edged with hardwood, vinyl or COLORA colors.

COLORA TOPS are 1" thick (3/4" Parsons) high density particleboard with self or hardwood edges.

STONE TOPS are 3/4" thick with same or built-up edges

VIDRO PAINTED BACK GLASS TOPS are 1 1/4" thick with starphire glass adhered to MDF subtop available in any color - clear or matte finish.

OTHER GLASS TOPS are 1/2" or 3/4" thick and are clear or sandblasted

Occasionals

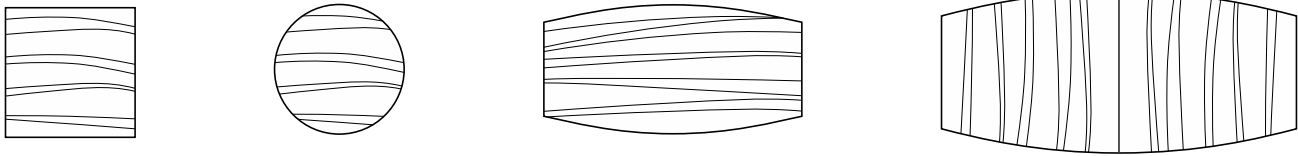

WOODGRAIN DIRECTION ON VENEER and LAMINATE TOPS

Grain directions on wood veneer and wood pattern laminate table tops vary according to size, shape and configuration. Every effort is made to ensure continuation of wood grain direction and pattern, and consistency of stain and sheen on sectioned-top meeting tables and ganged configurations of modular tables.

MEETING TABLES

All shapes of table tops that are 96" or smaller have Length Grain – wood grain runs parallel to length of top. Table tops in one or more sections, 108"L or larger have Width Grain – wood grain runs across the width of top. Sectioned tops utilize Same-Flitch Veneers to ensure consistent grain pattern.

LENGTH GRAIN TOPS WIDTH GRAIN TOPS

ARTICULATING TABLES

Articulating table tops are uniformly Length Grain. 144" and 180"L tops are sectioned and End-Matched as close as possible.

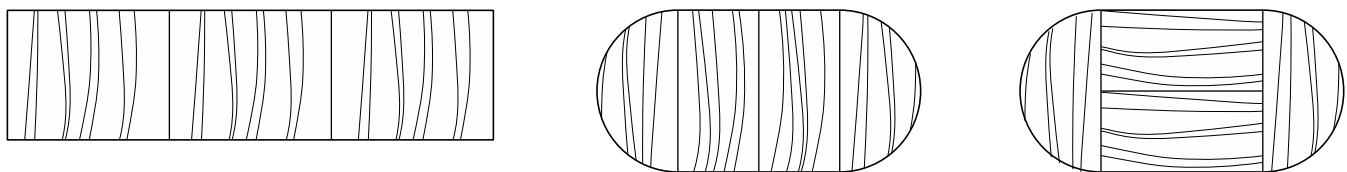

LENGTH GRAIN TOPS

MODULAR TABLES

Modular tables utilize Same-Flitch Veneers or wood grain laminates with same pattern, color and sheen and are consistently Side- or End-Matched depending on the table configuration. Grain directions and/or Side- or End-Matching can be customized – an upcharge applies.

SIDE-MATCHED TABLE LAYOUTS

END-MATCHED TABLE LAYOUTS

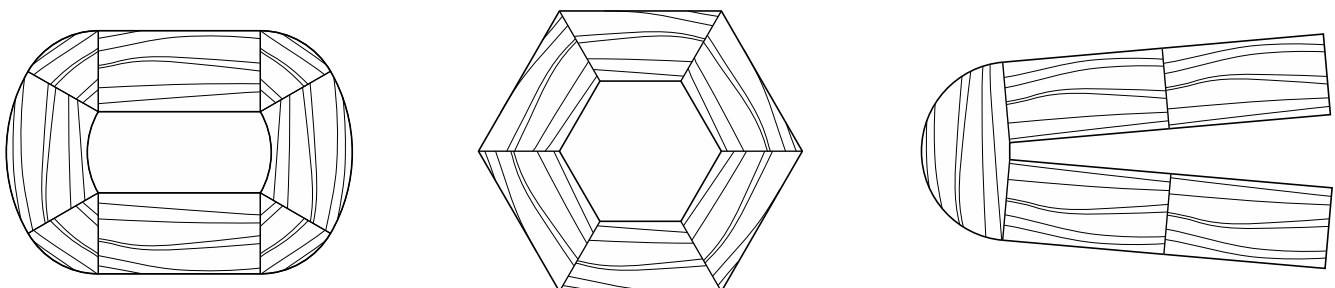

TABLE BASES AND MODESTY PANELS • CONSTRUCTION AND FINISHES

TABLE BASES • METAL

For the most part, table bases incorporate various gauges of sheet, barstock or tubular steel and extruded or cast aluminum components. Tubular steel in square or round profiles are utilized for T-, C- and Cross shapes. Sheet steel is rolled to form Drum bases and Occasional Metal Drum Tables. Barstock steel, rolled and welded is used for base elements of Konverse, T and Cross tables and Ronde series. Mounting top plates in various sizes and meeting table underframes are constructed with sheet and tubular steel respectively. Stainless sheets are applied to wood cores in production of Occasional Metal Cube Tables. Infinity series incorporate extruded columns and cast aluminum components in Column, T and C base styles. Panel base trim and Marker Board frame are extruded aluminum. Steel and aluminum bases, connector plates, top support rails and flip top mechanism are coated with COLORA colors. Certain table series also offer plated finishes on steel.

TABLE BASES • WOOD

Whitby table legs and apron are solid maple available in clear or stained finishes. Cube bases are medium or high-density particleboard in COLORA colors or veneers. Wood veneers are laminated to wood core in Occasional Drum tables and steel core in Drum bases.

MODESTY PANELS

Flat, Flat Folding and J Modesty Panels, Articulating, Training and Modular tables are formed or extruded aluminum. Flat Modesty is bolted to underside of top and requires tools for installation and removal. Flat Folding Modesty folds under and parallel to table underside and features an optional wire manager. J Modesty is in ribbed pattern, contains a large wire through and is removable without tools. J Modesty is available up to 10' long. All panels are finished in COLORA colors to match table bases unless specified otherwise.

FINISHES

Colora

COLORA is a textured polyurethane material applied to steel and aluminum in two steps. It is scratch-resistant and stain proof. COLORA is leather-like in appearance and seamless. COLORA is available in 15 standard colors. Custom color charge is \$350.00 NET per color mix.

High Gloss Colora

Higher sheen finish to all 15 standard COLORA colors. Upcharge applies, requires quotation.

Acrylic Colora • Gilded Collection

Illuminous, metal like finish in a series of colors. Upcharge applies, requires quotation.

Plated Finishes • Chrome

Chrome in polished (mirror) or satin finishes is applied to steel base components where noted.

Stainless Steel

Blade, NEXTT and all Parsons bases are stainless steel construction offered in polished or brushed finish.

Maintenance

COLORA and plated steel surfaces can be cleaned with mild soap solution or glass cleaner and wiped dry with soft cloth. Do not apply abrasive cleaners, polish or lubricants to table bases or mechanical parts.

SELECTED COMPONENT FEATURES and SPECIFICATIONS

Flip Top • Double Base

Rigid and simple to operate heavy duty flip top assembly comprised of tubular and formed steel components painted in same color as bases and 2 levers which operate the double-engaging locking system. Flip top option is available for virtually all modular table shapes and meeting tables up to 8' long. Flip top tables are shipped assembled.

Folding Modesty

Flat pattern aluminum in 15 COLORA colors. Hinge mechanism provides articulation to fixed or folding (over table bases) positions. Optional plastic wire manager. Dimensions: 9" high x 60" or 72" long.

Flip Top • Single Base

Multipurpose Round and Square tables are optionally equipped with flip mechanism constructed of steel which hinges open like clam shell upon rotation of handle bar. Safety latch locks top in flat and open positions. Finished in same color as table base.

Fixed Modesty

Flat pattern aluminum panel in 15 COLORA colors is bolted to underside of tabletop. Dimensions: 9" high x 42" – 84" long.

Nesting 1

Modular/Training tables with Flat Folding Modesty require small amount of space for storage when not in use.

J Modesty

Extruded aluminum in ribbed pattern, features a large divided wire management tray. Removable without tools. Available in 15 COLORA colors. Dimensions: 7 1/2" high x 42" – 120" long.

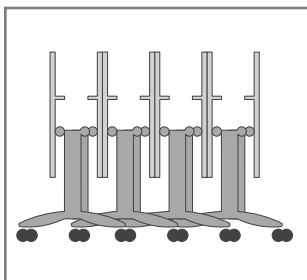

Nesting 2

Modular / Training tables with J Modesty (or fixed Flat Modesty) require no additional nesting space.

Glides

All table bases (except the Occasionals) provide up to 3/4" height adjustability. Depending on table series, glides are black, 1" to 1 3/4" dia.

Nesting 3

Back-to-back table nesting allows storing more tables in less space. Calculate recommended space required for 8 nested tables by 9' x Table Length.

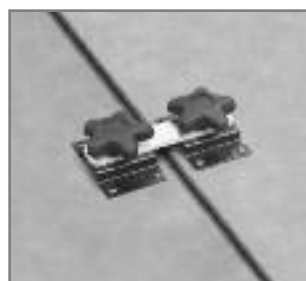

Casters

Locking casters are available for most table series. They must be specified at time of order. Caster option does not change height of tables. Infinity: 3" dia., black with silver brake. AV Carts, Lectern: 3" dia. Frames: 3" dia., Silver face with black lining and brakes. Low rise casters (optional): 1 1/2" dia.

Folding Base

Heavy duty construction with nylon injected molded frame and an extruded aluminum mechanism. Single press-down lever; can be operated by hand or foot. Positive lock in folded or upright positions. Black finish. Bases lay flat on tables as short as 56"L. Folding base tables are shipped assembled.

Gang Set

Each set consists of two brackets, a linking bar and two thumb screws. Gang Sets are utilized to link and level multiple table configurations. Ganging 20", 24", 30" and 36" sides require 1 set; 42" and over sides require 2 sets. No tools required for adjustment.

TABLE CARTS

Table carts are tubular steel construction in black finish and equipped with 5" dia. wheels.

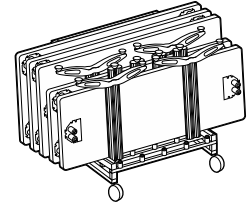

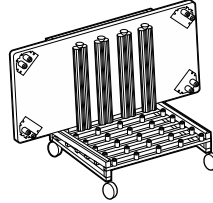

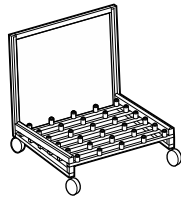

TRH6 CART (removable bases only)

Stores 6 Tables without Modesty Panel. Base connector plates with bumper tipped inner columns remain attached to table undertops to protect tables during storage. Sets of Column or T Bases slide into rubber tipped shafts welded to Cart platform and stay upright between table tops.

Dimensions: 36" x 32 1/2" x 36" H

TRH6 CART

QTY1	QTY3	QTY10
2034	1881	1638

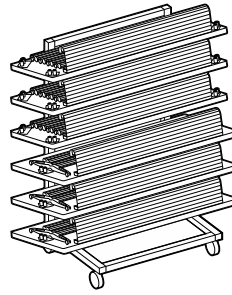

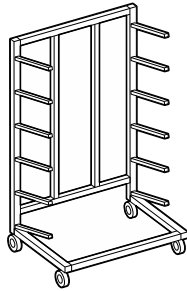

TRV6 CART

Stores 6 Tables with folding T or C bases with or without folding modesty. Also suitable for Tables with J Modesty Panel which user elects not to remove. Infinity Column or T Base store above table undertops. Max. table depth, 36".

Dimensions: 42" x 30" x 71" H

TRV6 CART

QTY1	QTY3	QTY10
1964	1740	1564

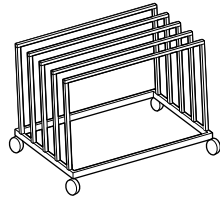

TR4 CART

Stores 4 Folding T or C Base Tables with or without Flat Folding Modesty or 4 GOSH! Folding (2" dia.) Column Base Tables. Cart length and divider heights vary depending on table dimensions. Minimum Door Clearance: 32" wide. Larger carts for 5 or more tables are customized according to door clearance.

Dimensions: 36" x 42" x 32" H

FINISHES - TABLE TOPS

Colora

COLORA is a textured polyurethane material applied to MDF board in two steps. It is scratch-resistant and stain proof. Although highly durable, COLORA surfaces are not as hard as laminates. It is applied to table tops and edges. COLORA is available in 15 standard colors. Custom color charge is \$350.00 NET per color mix.

Wood Veneers, Wood Edges

Veneer tops and hardwood edges are flat cut species of Maple, Cherry and Walnut offered in numerous stains. Custom stain charge is \$350.00 NET for set-up and \$50.00 NET per unit. Prismatic offers all regular and premium veneers which are readily available – please inquire for pricing. Veneered surfaces are semi-open and finished in a low-medium sheen and clear catalyzed lacquer.

Glass

Light scratches, waves or tiny bubbles are inherent to glass fabrication and to be expected. Prismatic offers 1/2” or 3/4” thick glass tops which are clear or sandblasted. Also painted back glass (PBG) consisting of 1/4” starphire glass silicone adhered to 1” thick MDF subtop. Available with clear and matte glass types.

Stone

See standard marble and granite varieties. Prismatic will make available most stones specified by customer, often at no up-charge. Stone surfaces vary greatly in color, texture, pattern and quality. Marble in particular is seldom free of fine cracks or other imperfections. All stone surfaces have natural polish.

FINISHES - BASE METAL PRODUCTS

Occasional table bases and metal drums are made of high grade steel, buffed and plated or sprayed in COLORA colors.

Plated finishes include polished or satin chrome.

Metal cube tables are stainless steel sheets applied to wood cores. Metal drums are available in stainless steel for quantity orders.

Custom COLORA charge is NET \$350.00 per match.
